

Granada Hills Women's Club Annual Winter Coat Drive Through December 10th

Help the Granada Hills Women's Club share the warmth this winter and donate your used winter coats for their Burlington Coat Factory Warm Coats and Warm Hearts Drive. Last year, the Burlington Coat Factory collected 1,700 coats donated in the L.A. area, 300 of which were collected by the Granada Hills Women's Club.

To help you can drop off used warm coats and jackets, clean and in good condition, with no holes and working zippers, at the Council District 12 office Monday through Friday, 9:00 am to 5:00 pm. 18917 Nordhoff Street, Suite 18 in Northridge.

The donated coats will be gathered by Burlington and given to local shelters to be distributed to people in need during the winter.
